

MINUTES OF MEETING

iGen News (India Global News) — UX & Product Ideation Coordination

Date	February 12, 2026 (Wednesday)	Duration	~145 minutes
Platform	Google Meet (Impromptu)	Recording	Available via Fathom (145 mins)
Prepared by	Fathom AI / iGenWorld Team	Circulated on	12 Feb 2026

■ ATTENDEES

Name	Role / Company	Unit
Vijay Singh	Founder & CEO	iGenWorld (All Units)
Ritu Anand	Head – iGen News (IGN)	India Global News
Priyanshi Jha	Co-Head – iGen News (IGN)	India Global News
Rohit (MyMovies)	Head – iGen Expo (IGE) / Tech Lead	India Global Expo
Namitha Santhosh	Co-Head – iGen Expo (IGE) / UX Lead	India Global Expo

■ LEGEND / KEY

■ FINAL / LOCKED	Decision officially agreed by all. No further changes.
■ SUPERSEDED	Item was previously considered but has been replaced or removed.
■ DISCUSSED – NOT FINALISED	Point raised and debated but not yet locked; pending further action.
■ ACTION ITEM	Task assigned to a named owner with a clear deliverable.

1. COMPANY STRUCTURE — iGenWorld

1.1 Three-Circle Model (FINAL)

✓ FINAL Circle 1 – Company Website: www.igenworld.com | Heads: Priyanshi Jha & Ritu Anand (Execution Support)

✓ FINAL Circle 2 – iGen Expo (IGE): www.indiaglobalexpo.com | Heads: Rohit & Namitha

✓ FINAL Circle 3 – iGen News (IGN): www.indiaglobalnews.com | Heads: Ritu Anand & Priyanshi Jha

Note: igenworld.com acts as the parent portal (like FutureGroup.com) housing all business units — IGE, IGN, ICE Global, MyMovies, ICE 2.0, Vixit Bharat, Investor Relations, etc.

1.2 IGN Internal Roles (FINAL)

✓ FINAL Content Quantity / Volume: Ritu Anand

✓ FINAL Content Quality / Governance (article vetting): Priyanshi Jha

✓ FINAL UX / UI Design Lead: Namitha Santhosh

✓ FINAL Tech / Taxonomy Architecture: Rohit

2. READER ONBOARDING & INTEREST SELECTION

2.1 Terminology — Mandatory Vocabulary (FINAL)

✓ FINAL All logged-in / registered persons are called "Reader" — NOT "user", NOT "customer".

✓ FINAL Correct form: "Sign Up" (not "log in") for new registrations.

✓ FINAL Always use full compound terms: Sector News, Country News, Leader News, Industry News — never just "sector", "country", "leader".

Note: "Sector" alone, "user", "leadership news" etc. are banned from product vocabulary. Like "FIR" in law, agreed terms must be used consistently across the entire company.

2.2 Sign-Up Interest Selection — Three Categories (FINAL)

✓ FINAL Category A → Sector News: Reader selects from 20 sectors; each sector contains ~50 industries.

✓ FINAL Category B → Country News: Reader selects from 195 bilateral country pairs (e.g. USA–India, UK–India). List ordered by trade volume, not alphabetically; alphabetical toggle also available.

✓ FINAL Category C → Leader News: Reader selects from ~25 C-suite / leadership designations (CEO, CFO, CTO, COO, CRO, CLO, MD etc.), ordered by priority/seniority.

2.3 Free vs. Paid Selection Limits (FINAL)

Sector News (# of Sectors)	2	More	Agreed by all four: 2 sectors max for free
Industry News (per Sector)	5–10	More	Ritu + Rohit to define exact paid limit
Country News (bilateral pairs)	2	More	Same logic as sectors — drives upgrade
Leader News (designations)	2–3	More	Ritu + Rohit to finalise exact numbers
■ ACTION	Ritu + Rohit	Define exact selection limits (free & paid) for all 6 categories. Document and share.	
			Next Meeting

3. CONTENT DISPLAY LOGIC: FEED, HEADLINES & TRENDING

3.1 FEED (FINAL — Owned by Ritu Anand)

✓ FINAL Shows ALL news from the reader's selected categories (Sector News + Country News + Leader News).

Owner: Ritu Anand

✓ FINAL NO weightage applied — likes, comments, and trending scores do NOT affect Feed ranking.

Owner: Ritu Anand

✓ FINAL Purely chronological / latest within selected categories.

Owner: Ritu Anand

✓ FINAL Free reader who has not upgraded sees a "You are missing out" block inside Feed — clicking it triggers Upgrade Now.

Owner: Namitha Santhosh (UX)

3.2 HEADLINES (FINAL — Owned by Ritu Anand)

✓ FINAL Shows reader's selected categories REARRANGED by likes & comments weightage (most discussed first).

Owner: Ritu Anand

✓ FINAL Also includes "Associated News" — news from categories related to (but not identical to) the reader's selection (e.g. CFO news shown to a CEO-selected reader because they are associated).

Owner: Ritu Anand

✓ FINAL Macroscopic view of interest area (Feed = micro; Headlines = macro).

Owner: Ritu Anand

■ [DISCUSSED — NOT FINALISED] Exact ratio of selected vs. non-selected / associated news in Headlines — ratio model proposed (e.g. 4:1) but not locked.

3.3 TRENDING (FINAL — Owned by Ritu Anand)

✓ FINAL Shows ALL news across ALL six content types (Sector, Industry, Country, Bilateral Country, Leader, Designation) — IRRESPECTIVE of reader's selection.

Owner: Ritu Anand

✓ FINAL Ranked purely by likes & comments weightage — most discussed first.

Owner: Ritu Anand

✓ FINAL When a reader clicks on non-selected content in Trending → "Upgrade Now" prompt.

Owner: Ritu Anand

3.4 Comparison Summary (FINAL)

Tab	Content Scope	Ranking Algo
Feed	Only selected categories	No weightage — pure latest
Headlines	Selected + associated categories	Likes & comments weightage
Trending	Universal — all 6 types regardless of selection	Likes & comments weightage

4. NAVIGATION & UX ARCHITECTURE

4.1 Side Menu — REMOVED (FINAL)

■ Previous design: Side menu containing Feed, Headlines, Categories, Trending, Search, Newsletter, Global Signal — Desk, etc.

✓ FINAL DECISION: The entire side menu is REMOVED. All navigation consolidated into Mega Menu (top horizontal) to free up prime left-side real estate for news content.

Owner: Namitha Santhosh

Note: Rationale: Readers instinctively look for top navigation. Removing the side menu increases article reading area width and follows industry standard (NDTV, Times of India model).

4.2 Mega Menu — Top Navigation (FINAL)

✓ FINAL

Five main items in Mega Menu (ordered left to right):
Owner: Vijay Singh + All

1	Feed	Default view; default sub-tab = Sector News Feed
2	Headlines	Default sub-tab = Sector News Headlines
3	Trending	Default sub-tab = Sector News Trending
4	Categories	Dropdown to Sector News / Country News / Leader News
5	My News	Sub-menu: My Favourites, My Bookmarks, My Read Later, My Comments, My Likes

- Earlier option: Keep existing side menu AND add mega menu simultaneously.
- Earlier option: Search as the 5th mega menu item (Search already available in top header bar).
- [DISCUSSED — NOT FINALISED] Exact naming within sub-menus: "Sector News Feed" vs "Sector Feed" — team to agree on compact labels for sub-menu items.

4.3 Sub-Tabs Inside Each Mega Menu Item (FINAL)

✓ FINAL

Each of Feed, Headlines, and Trending has THREE sub-tabs:
Owner: Namitha Santhosh

✓ FINAL

Tab 1: Sector News (DEFAULT — always pre-selected)
Owner: Namitha Santhosh

✓ FINAL

Tab 2: Country News
Owner: Namitha Santhosh

✓ FINAL

Tab 3: Leader News
Owner: Namitha Santhosh

Note: "Categories" in mega menu expands to Sector News / Country News / Leader News pages directly (no sub-tabs needed as clicking opens the full category page).

4.4 Top News — Future Mega Menu Item (PLANNED — NOT YET ACTIVE)

- [DISCUSSED — NOT FINALISED] "Top News" to be added as a future 6th mega menu item — will be placed before Categories once paid placements/sponsorships are active.

Note: When active, Top News will be placed before Trending. Revenue-generating companies pay for top placement. Reader curiosity drives clicks on "Top News".

■ ACTION	Namitha Santhosh	Design Mega Menu with 5 items + placeholder slot for "Top News" (greyed out until activated).	Next UX Iteration
---------------------	------------------	---	-------------------

4.5 Mobile Version (HIGH LEVEL — NOT FINALISED)

- [DISCUSSED] Mobile: Hamburger menu for navigation. Feed, Headlines, Trending in bottom navigation bar (standard mobile pattern).
- [DISCUSSED — NOT FINALISED] Full mobile UX spec to be worked out separately post desktop finalisation.

5. CONTENT TAXONOMY

5.1 Sector News (FINAL)

■ ~~Previous count: 12 sectors.~~

✓ FINAL **FINAL: 20 Sectors — each containing approximately 50 Industries.**
Owner: Rohit (to confirm full list)

Note: IGN Sector News taxonomy must remain fully aligned with India Global Expo (IGE) sector taxonomy.

5.2 Country News (FINAL)

✓ FINAL **195 bilateral country pairs — all UN member states + 2 observer states in relation to India.**
Owner: Ritu Anand

✓ FINAL **Format: [Foreign Country]–India (e.g. USA–India, UK–India, France–India — foreign country listed first to avoid monotony).**
Owner: Vijay Singh

✓ FINAL **Default ordering: By trade volume (highest bilateral trade value = top); toggle available for alphabetical view.**
Owner: Namitha Santhosh (UX)

5.3 Leader News (FINAL)

✓ FINAL **~25 leadership designations (CEO, CFO, COO, CTO, CRO, CLO, MD, GM, AGM, PM etc.) ordered by seniority/priority.**
Owner: Rohit (to research and list)

■ ~~Earlier idea: Tiering designations into separate display tiers (Tier 1: CEO/CFO; Tier 2: CMO/CHRO etc.) — DROPPED; all 25 displayed in priority order in a single list.~~

■ [DISCUSSED — FUTURE FEATURE] "Ask the Leader" — a feature where readers can submit questions to industry leaders. Good idea noted for future roadmap.

■ ACTION	Rohit	Research and compile final list of ~25 leader designations in priority order. Share with Vijay for approval.	Next Meeting
----------	-------	--	--------------

6. MONETISATION & REVENUE MODEL

6.1 Subscription Plans (FINAL)

■ ~~Earlier discussion: 3 plans (Free, individual, corporate).~~

■ ~~Earlier discussion: 4 plans named "Individual Light, Individual Heavy, Corporate" — rejected.~~

Plan	Target	Key Features
Free Plan (F)	General public	Very limited selections (2 sectors, 2 countries, 2–3 designations); "Upgrade Now" prompts throughout
Reader Plan (R)	Individual reader	Expanded selection limits; full Feed, Headlines, Trending access
Leader Plan (L)	Industry leaders / C-suite	All Reader Plan benefits + leader profile featured on IGN platform
Corporate Plan	Consulting firms, investment firms, enterprises	Multi-user access; cross-sector analysis; custom dashboards; high-value subscription

✓ FINAL **FINAL: Four Subscription Plans — Free (F), Reader (R), Leader (L), Corporate.**
Owner: Priyanshi Jha (Revenue Strategy)

6.2 In-Platform Revenue Triggers (FINAL)

✓ FINAL "Upgrade Now" shown in Feed when free-reader tries to access non-selected categories (via "You are missing out" block).

Owner: Ritu Anand + Namitha

✓ FINAL "Upgrade Now" shown in Headlines when reader clicks associated/non-selected content.

Owner: Ritu Anand + Namitha

✓ FINAL "Upgrade Now" shown in Trending when reader clicks any article outside their free plan limits.

Owner: Ritu Anand + Namitha

6.3 Additional Revenue Streams (FINAL — Confirmed 3)

✓ FINAL Paid Leadership Interview — companies/leaders pay for a featured interview published on IGN.

Owner: Ritu Anand

✓ FINAL Paid Podcast — sponsored podcasts published on IGN platform.

Owner: Ritu Anand

✓ FINAL Paid Company PR / Press Release — companies pay for press releases published as "Top News".

Owner: Ritu Anand

■ [DISCUSSED] Paid Newsletters as additional revenue stream — noted, not yet finalised.

■ ACTION	Ritu Anand	Define subscription slab pricing for all 4 plans. Prepare revenue model document.	Separate Call
■ ACTION	Ritu + Rohit	Define business logic for free vs. paid selection limits across all 6 categories.	Next Meeting

7. CONTENT GENERATION STRATEGY

7.1 Two Content Types (FINAL)

✓ FINAL Type 1 — RSS AI Content Generation: AI scrapes external RSS news feeds → AI rewrites/reformats content to match IGN standards → Auto-publishes. (30% of content volume)

Owner: Ritu + Priyanshi + Sanjay

✓ FINAL Type 2 — Manual AI Content Generation: Human content writer (experienced or intern) selects a topic (Sector/Industry/Country/Leader) → Adds journalistic perspective → Prompts AI → AI drafts article → Ritu/Priyanshi review and approve → Published. (70% of content volume)

Owner: Ritu + Priyanshi + Lalitha + Rhea + Interns

Note: AI word must never be dropped — always say "RSS AI" and "Manual AI" (not RSS alone or Manual alone). Agreed vocabulary per language consistency rule.

■ Earlier term discussion: "Human AI", "Hybrid AI" — both rejected.

✓ FINAL FINAL VOCABULARY: RSS AI Content Generation | Manual AI Content Generation

Owner: Vijay Singh

7.2 Content Review Process (FINAL)

✓ FINAL All Manual AI generated articles go through vetting/QA by Ritu Anand (quantity check) and Priyanshi Jha (quality & governance check) before publishing.

Owner: Ritu Anand & Priyanshi Jha

✓ FINAL Target output: 20–25 articles per writer per day (8–9 hour shift).

Owner: Ritu Anand

8. IGN ↔ IGE CROSS-NAVIGATION

✓ **FINAL** Every sub-menu within every Mega Menu item of IGN will have a navigation link to India Global Expo (IGE).

Owner: Namitha Santhosh

✓ **FINAL** Examples: Sector News Feed → "Explore Expo" link; Sector News Headlines → "Explore Expo" link; Category Sector → "Explore Expo" link.

Owner: Namitha Santhosh

✓ **FINAL** In every page body (the three sub-tabs), add an "Explore Expo" tab/link alongside Sector News, Country News, Leader News tabs.

Owner: Namitha Santhosh

■ [DISCUSSED — NOT FINALISED] Exact UX treatment of cross-navigation — tab, button, or banner? To be defined in UX wireframes.

■ ACTION	Namitha Santhosh	Design cross-navigation from IGN to IGE in all mega menu sub-menus and body tabs. Present in next UX review.	Next UX Iteration
-----------------	-------------------------	--	-------------------

9. MASTER ACTION ITEMS

#	Owner	Action Item	Target
1	Ritu + Rohit	Define and document exact selection limits (free vs paid) for all 6 content categories.	Next Meeting
2	Rohit	Research and compile final ~25 leadership designations in priority order. Submit to Vijay.	Next Meeting
3	Namitha Santhosh	Redesign UX: Remove side menu; build Mega Menu with 5 items (Feed, Headlines, Trending, Categories, My News) + sub-tabs.	Next UX Iteration
4	Namitha Santhosh	Design cross-navigation from all IGN sub-menus and body tabs to IGE.	Next UX Iteration
5	Namitha Santhosh	Add "Top News" as placeholder (greyed out) in Mega Menu for future activation.	Next UX Iteration
6	Ritu Anand	Own and document Feed / Headlines / Trending business logic with associated news algorithm.	This Week
7	Ritu Anand	Prepare subscription slab pricing for all 4 plans (Free, Reader, Leader, Corporate).	Separate Revenue Call
8	Ritu + Priyanshi	Build out RSS AI content pipeline with Sanjay and interns.	Ongoing
9	Priyanshi Jha	Govern quality vetting process for all Manual AI content; document the approval workflow.	Ongoing
10	Vijay Singh	Schedule dedicated Revenue Model call to finalise pricing slabs.	TBD

10. CLOSING NOTE

The session concluded with full team alignment on the core IGN product ideation. Vijay Singh set the foundational direction on company structure, reader vocabulary, content taxonomy, Feed/Headlines/Trending logic, Mega Menu UX, revenue plans, and content generation strategy.

Ritu Anand is the business logic owner for Feed, Headlines, and Trending. Namitha Santhosh is the UX owner for the Mega Menu and cross-navigation. Priyanshi Jha owns the content governance and revenue strategy. Rohit owns the technical taxonomy and UX implementation alongside Namitha.

✓ FINAL

Next step: Namitha to produce updated UX wireframes (v4.0) incorporating all decisions from this session, presented in the next joint IGN-IGE review meeting.
